Aghast Hat Pattern

Free pattern by [trikanto](). *Find me on Ravelry and Instagram as @trikanto.*

This Pokémon-inspired hat reminds me of the "Who's that Pokemon??" segments from the TV show. It feature sprites of Ghastly and Gengar. With a generous brim and floats from the stranded colorwork, it'll keep your head warm.

I knit this with sport-weight yarn in three colors (purple, black, and white) but it would also work well in two colors.

This pattern has not been test knit.

CO 96 sts using your preferred cast-on method. I used a long-tail cast-on.

Place beginning of round (BOR) marker and join to knit in the round.

Work 1x1 ribbing: (k1, p1), repeat to end of round

Continue to work ribbing for 4" (28 rows).

Knit from chart (see below), working each charted 48-st row twice.

Remember that colorwork charts are read from right to left and top to bottom. Pay attention to [color dominance](#).

Crown decreases:

With purple yarn:

Setup row: (k 16, pm) rep 6 times.

Decrease row: k 13, k2tog, k1, sm, *k1, ssk, k10, k2tog, k1, sm, rep from * to end of row

Knit row: k*

Repeat decrease row and knit row until you have 6 sts remaining on your needles. Cut yarn, pull through remaining stitches, and weave in ends.
